## FALL WORKSHOP CANCELED

Dear brothers and sisters;

The MPCA Executive board has been closely monitoring the situation nationally concerning the COVID-19 Virus. With much discussion and with very careful consideration we have decided to CANCEL OUR FALL WORKSHOP. We are taking these drastic measures to ensure the safety and well being of all of our members and their families and do our part to assist in minimizing the spread of the COVID-19 Virus.

This is a very tough and unique situation for all of us which requires some very tough decisions, but if we all work together and follow the guidelines that have been implemented hopefully this will soon pass and we can get back to our normal lives.

As a result of this cancelation, we are authorizing all MPCA Certifications due to expire in 2020 be extended for one additional year, expiring on the same date in 2021. Members must maintain paid membership in MPCA for this extension to be valid.

Hopefully the world will soon return to normal and we can move forward in planning MPCA events. We will plan for the third attempt to get our Spring Training Workshop off the ground around March and will plan for our Fall Workshop in September, 2021, both in Columbia.

Stay Safe!
